# “Is there really such a thing as ‘enough sex’?”

Dear Friend,

You know it as well as I do, sex is something we men never get tired of. There isn't a guy I know who says “*Hey, I'm getting enough. I don't want to have sex again for a while.*” The fact is, no matter how hot your sex life is right now, it can always be *hotter*. It doesn't matter whether you're 25 or 65, the sex can always be more frequent, more intense and last a little longer.

Of course, you and I both know that even though you still *feel* like you're 25, it doesn't mean your body always follows suit—especially as we get older. That's why I'm happy to introduce what I think is the easiest, most effective way yet to help men have great sex whenever, wherever...and as often as they want!

It's a new male support supplement that relies on one-of-a-kind “Triple Action.” You won't believe how easily this breakthrough helps fuel powerful erections, lasting stamina, and intense desire! And it's 100% natural and stimulant-free.

So read the enclosed special bulletin to learn how Argi-Vive III's “Triple Action” is making incredible sex possible for men across the country. Your wife will surely thank you, and so will your *entire body*. In fact, frequent sex can actually:

- Boost your cardiovascular system with a fun form of exercise.
- Unleash your body's “feel good” endorphins and natural “pain

*(over, please...)*

killers" called corticosteroids.

- Help you lose weight by burning extra calories
- Support your immune system by increasing levels of immunoglobulin, one of your most powerful antibodies

Now *you* can be ready to go *anytime you want, too*. You can have the frequent, satisfying sex you're looking for. Try Argi-Vive III for yourself and see. It's never been easier or more affordable to maintain the stamina and drive you need to have as much good sex as you've ever wanted.

Sincerely,

Allan Spreen, M.D.  
Chief Research Advisor  
NorthStar Nutritionals

P.S. Give Argi-Vive III's "Triple Action" breakthrough a try for up to 60 days—if you don't experience the powerful sexual vigor and lasting performance you're looking for, we'll refund every penny of your purchase price (less shipping and handling)!

# Massive erections, thunderous climaxes and all the “oomph” you need to last all night

**Without pills, without waiting, again and again — guaranteed!**

Dear Friend,

Thousands of men, just like you, are having the sex of their lives—without popping pills. And in just a minute, I’ll show you their secret, because...

**Let’s face it. There really is no such thing as too much sex!**

And even if your sex life is already rich and fulfilling...imagine if you had a little more energy...if your erections stayed harder...or you could go just a little longer...

Sure, maybe you can get your wife to climax...but what if you could give her huge, crushing orgasms that left her covered in sweat and shaking like a leaf?

Well, advancements in supplement delivery are making it easier than ever to do just that. I’m talking about feeling aroused and producing huge, thick erections, on command—naturally. Complete with the surging desire it takes to rattle the walls and wake the neighbors.

How’s that for a breakthrough?

**When it comes to being a sexual titan, your age is just a number**

Spontaneous, all-night sex is wasted on the young. It’s a cruel trick of nature. You would think all the years of experience that comes with

*(keep reading...)*

age would translate into some of the wildest sex of your life.

But for some of us, that just isn't the case.

Well, thanks to this exciting breakthrough, nature doesn't always get the last laugh. Because it doesn't matter if you're 60, 70, 80 or older—I'm going to introduce you to the latest development in nutritional technology that gives your body just what it needs to turn you into a sexual machine with just one speed...*overdrive!*

**Now, there's a fast and easy way to make sure  
*you're in control of your sex life***

A natural secret that gives your body what it needs—so you can be ready between the sheets whenever *you* want to!

It's called Argi-Vive III, and its Triple Action formula just might be the most comprehensive men's sexual health fuel ever. And there are no pills to swallow because Argi-Vive III's Triple Action formula comes in a powerful drink mix. And, since the potent, erection-fueling, sex-enhancing nutrients dissolve quickly in water (unlike the 45-minutes you'd have to wait for a pill), this all-natural "sex fuel" goes to work as soon as you drink it!

Argi-Vive III's effervescent delivery system is truly progressive. Instead of waiting for a pill's active ingredients to dissolve and enter your system, Argi-Vive III dissolves in water before it even *gets into your body*. And it goes to work right away...so you can be ready for a

***Surging desire to  
rattle the walls and  
wake the neighbors***

little action whenever the mood strikes you.

## **You won't find a more fast-acting way to maintain thick erections and all-night energy**

Because this fast-acting delivery system isn't the *only* thing that makes Argi-Vive III such an advanced sex-fueling supplement. The real genius behind this stuff is its three-pronged approach to super-charging your sex life. We like to call it "Triple Action"...let me explain.

### **Age has very little to do with sex...**

That's right. There are men out there, some of them more than 10 years older than you, having the best sex of their lives. And those men have three key things in common that their sex-starved friends don't:

1. Hard, recurring erections...
2. Surging desire and stamina...
3. And a reproductive system functioning at the top of its game...

Lucky? You bet.

But now you've got the key to unlock the beast within...

### **"Triple Action" for great sex whether you're 60 or 90!**

There are literally dozens of nutrients and botanicals that can help produce throbbing erections, crank up your sexual desire and maintain your vitality. Some are recent discoveries, while others have been used for centuries. And while some work great on their own, we found that some work even better *together*...

So we took a select group of the herbs, nutrients and amino acids that offer the most

*(keep reading...)*

comprehensive support for your sex life to date. They actually work in concert with one another to promote all three keys to an amazingly satisfying sex life...

-strong, frequent, rock-hard erections

-surging, masculine desire and stamina

-even a healthy, active sperm count!

That's the secret behind Argi-Vive III's "Triple Action."

And then we did something that's never been done before...

We put this "Triple Action" breakthrough into one powerful formula...Argi-Vive III. It hits all three tiers of support you need.

**For hot, spontaneous sex  
that makes your golden years  
really golden!**

This stuff actually helps get the wheels of your body's natural arousal process in motion for amazing sex *any time*. It works naturally, *with your body*, has no known side-effects and, starting with the very first delicious, effervescent serving, you may notice a difference in the bedroom...and, believe me, if you can feel the difference so will your wife!

***You won't have to  
stop because you're  
tired. But you might  
have to stop  
because she is!***

**1. Strong, hard, frequent  
erections *naturally***

Imagine your wife's pleasant surprise when you're

ready to go Friday night  
and Saturday morning. It's  
happening for men just like  
you because of Argi-Vive  
III's "Triple Action"  
formula. And here's the  
reason...

We fortified the first  
tier of "Triple Action" with  
the precursor to your body's  
own natural "sex messenger."  
You see, when things start  
to heat up, your body  
kicks off a series of  
complex chemical and  
physiological processes.  
The endothelial cells in  
your penis then release a  
"sex messenger" saying:  
"Get ready, it's time."

***Great sex at any time!  
Whenever you're ready!***

This "sex messenger" is Nitric Oxide. It  
opens up the blood vessels in your penis and  
allows for the rush of blood you need to achieve  
rock-hard erections. But as you get older, your  
cells can weaken and your body just doesn't pump  
out as much nitric oxide as you need to help pump  
up your member. But Argi-Vive III helps promote  
healthy nitric oxide levels so you can perform  
like a man should!

***You'll have your wife saying  
"Why, you little devil!"***

Your secret? The first tier of Argi-Vive III's  
"Triple Action" formula—the amino acid shown to  
boost nitric oxide naturally—L-Arginine. You've  
probably heard of it before. And you may have seen  
it in other sexual enhancement formulas too. But  
believe me, no other supplement delivers as much  
erection-fueling power (a full 3,000 mg!) as  
effectively—as Argi-Vive III...

***(keep reading...)***

Some of those garden-variety supplements rely on L-arginine alone, to help fuel strong erections. But Argi-Vive III's "Triple Action" formula combines L-arginine with an important botanical shown to actually *enhance* its power...panax ginseng.

**This ancient aphrodisiac actually  
*enhances* the power of L-arginine for  
hard, long-lasting erections**

Long held in high regard as an aphrodisiac in Eastern medicine, it turns out panax ginseng is as powerful as folklore says. Mature panax ginseng roots can actually *enhance* L-arginine's ability to promote hard, long lasting erections. (Studies suggest that it works by increasing L-arginine's conversion to nitric oxide.) The result is naturally hard, frequent erections for great sex whenever you're ready!

Firm, thick erections are the key to being ready for sex whenever you want to be. And L-arginine and panax ginseng—the first tier of Argi-Vive III's "Triple Action" formula—is a fast and easy way to promote the nitric oxide production you need to produce them...with a cutting-edge delivery system that you won't find anywhere!

***There's no such thing as too much sex—especially when you've got what it takes to make it happen night after night after night.***

Already Argi-Vive III's "Triple Action" formula outperforms those inconvenient pills...but we're just getting started because there are still two tiers of action to go! Soon you'll see why this "Triple Action" breakthrough can promote

the hot, invigorating sex you're looking for...

## 2. Surging desire and stamina for mind-blowing sex

Some pills are only designed to address "your equipment." But a strong erection is nothing without the stamina and the surging sexual desire to back it up. And that's where the second tier of Argi-Vive III's "Triple Action" formula comes in...

It makes heating things up in the bedroom a whole lot easier. It's the second tier of action that does the trick by naturally promoting strong sexual desire and surging sexual energy.

### The stuff legendary lovers are made of..

Every culture around the world has its "sex secrets." Herbal extracts, botanical blends, even vegetable roots that men have used to promote sexual desire, stamina and satisfaction for thousands of years. Some turned out to be little more than old wives tales. But others have been passed down through generations for good reason.

So we gathered together *7 of the most powerful "sex secrets"* to safely boost libido and desire. Then we combined them into the second tier of Argi-Vive III's "Triple Action" formula. Just one look at this proprietary blend of botanicals and you'll see why we *guarantee* Argi-Vive III can ignite your sexual desire and stamina for the best sex of your life...

- **Pernambuco's "desire drink"** — For generations, indigenous Brazilian tribes drank an infusion, made from the peeled bark of the flowered catuaba tree, to spark their sexual desires. And as catuaba bark recipes continue to grow in popularity, the people of Brazil continue to reap its benefits.

*(keep reading...)*

*Surging sexual desire,  
unbelievable stamina  
and intense, toe-curling  
orgasms are yours (and  
hers!) for the taking.*

■ **Herbalists' legendary arousal secret** — Horny goat weed. The name really says it all. There's a story about a Korean goat herder, who spread the word about horny goat weed, when he noticed that his flock would "have relations" after eating the plant. But more importantly, it is still highly valued by Asian herbalists for boosting a man's life force or chi and super-charging his sexual appetite.

■ **An herb proving more valuable to men than gold** — Grown in the Peruvian Andes, maca has a history of fueling sexual desire that goes back 4,500 years! In fact, Spanish explorer Francisco Pizarro loaded one of his ships with 900 tons of maca after conquering the Incas in 1532. Today, preliminary studies show maca root helps fuel sexual energy and vitality by strengthening a man's reproductive system.

■ **The sustaining power of "the essence of man"** — Used by men to promote long-lasting erections and sexual pleasure for the last 4,000 years, panax ginseng is a legendary aphrodisiac if ever there was one. Not only does it help support nitric oxide production, it can also help promote a healthy libido. No wonder the Chinese translation for Ginseng means the essence of man.

■ **A tropical tonic for sexual prowess** — In Guyana and the Amazon, a small tree called muira puama holds the locals' secret to igniting sexual desire. People living along the Amazon's Rio

Negro river have long used the tree's bark and flowers to enhance sexual prowess.

- **Go to the “heart” of sexual pleasure** — Used to increase sexual pleasure for more than 3,000 years, science is just starting to understand how ashwagandha works. Its root has been used to support strong sexual desire and unparalleled stamina. No wonder in Eastern Ayurvedic medicine, ashwagandha root is used regularly, even today, to increase a man's physical stamina for better sex.

- **One of China's most potent aphrodisiacs** — Although a tasteless and odorless plant, gotu kola is regarded as one of the most potent aphrodisiacs in China. Its leaves seem to work like magic—powering a man's sexual appetite. Researchers believe natural biochemicals dilate blood vessels and increase circulation to the genitals—intensifying pleasure and orgasm too!

But let me get something straight...

Argi-Vive III is much more than just a temporary boost for your sexual desire and drive. Unlike some supplements, this new “Triple Action” formula is comprehensive support for every day sexual health and masculine well-being.

*(keep reading...)*

## Hard, long-lasting erections and more...

Argi-Vive III is based on what may be one of the most important health discoveries in history. It's “Triple Action” formula supports strong arousal and rock-hard erections by stimulating natural nitric oxide production in the body. But nitric oxide offers even more healthful benefits, like:

- ✓ encourages greater exercise capacity and endurance
- ✓ signals blood vessels to relax and dilate, keeping them open and clear
- ✓ supports healthy circulation and flexible arterial walls
- ✓ reduces free radicals that can wreak havoc on your system
- ✓ promotes vascular health from major arteries to microscopic capillaries

Now you can help keep your nitric oxide production at peak levels for peak performance. And you can do it more easily than ever before with Argi-Vive III's “Triple Action” formula!

### 3. Strong reproductive health

There's more to maintaining a great sex life than strong erections and unstoppable stamina. Remember, men who are having great sex into their 80s, and beyond, can actually have strong reproductive health, too. After all, it's one of the things that makes us men!

And that's why Argi-Vive III is truly the next generation in men's sexual health...

Argi-Vive III's "Triple Action" formula provides your reproductive system with exactly what it needs to be healthy and stay that way...good ol' fashioned vitamins. Because, just like vitamins are essential to the rest of your body, they're essential to a good sex life, too.

Vitamins like B-12 strengthen the testes and can help increase the number of healthy sperm for long-lasting vitality.

It's no wonder that as you get older and your

It's fortified with niacin *and* vitamin B-12 to support healthy male reproductive function. And research suggests vitamin B-12 may also support a healthy sperm count too! With this kind of nutritional support, you can be ready to go whenever the mood strikes you.
