

Why You Don't Need to Worry About Your Cholesterol

Tune into a **FREE Interactive Webinar** with Dr. Stephen Sinatra!
Get answers to all of your cholesterol questions

Date: September 19, 2013 at 2:00pm EDT / 11:00am PDT

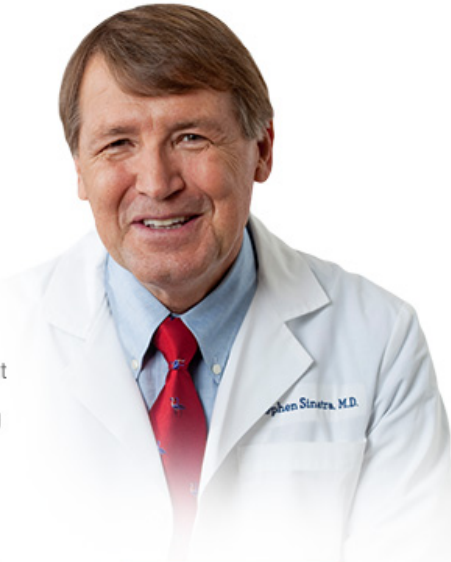

Join Dr. Stephen Sinatra, America's #1 integrative cardiologist, for a FREE, one-hour, interactive online webinar.

Dr. Sinatra will decipher the mainstream myths about cholesterol and explain:

- Why you need cholesterol for overall health and well-being
- The real causes of heart disease that no one's talking about
- The dangers of using statins and other cholesterol-lowering drugs
- The best ways to protect your heart health...and more!

PLUS: [register for this FREE webinar today](#) and Dr. Sinatra will immediately send you a list of the tests you should ask your doctor to run, what they measure and why they're important.
