

# Just say NO to surgery:

## Fight prostate cancer and win—without pain, without pills and *without the scalpel!*

Dear Friend,

There are no ifs, ands or buts about it. You *can* learn ways to conquer your prostate problems naturally—without pills, pain or surgery.

Yet, all too often, your doctor's got his prescription pad out before you can even finish telling him about your problem. Either that, or he's ready to schedule your surgery before you can even put your pants back on. (Trust me, God wouldn't have put our prostates where he did if he thought your doctor would try to get at it with a scalpel.)

But now, men just like you are learning ways to avoid the pill-and-scalpel approach thanks to an invaluable resource packed with...

### **Simple, natural, inexpensive ways to prevent, treat and reverse prostate cancer and BPH**

Far too many men every year go the route of prostate surgery and are left impotent, incontinent or both.

What your doctor isn't telling you is that there are completely natural alternatives that could:

- ✓ Reverse your cancer
- ✓ Stop your pain
- ✓ Help you urinate freely
- ✓ Allow you to sleep through the night
- ✓ Give you back your freedom and independence!

In short, you *can* learn ways to conquer your prostate problems once and for all. Without painful surgery, chemotherapy, radiation or prescription drugs...and without breaking the bank.

### **Myth: the PSA test is the best tool for detecting prostate cancer**

For decades, doctors have been relied on the results of something called a PSA test to determine the health of men's prostates.

A reading between 4 and 10 is considered worrisome. Anything over 10 and you're practically guaranteed a painful biopsy.

But before you let your doctor go snipping away at your prostate, it might interest you to know that...

### **2 out of 3 men with elevated PSA levels have biopsies that turn up *nothing***

If only they'd heard about the incredible resource you're about to discover—the most valuable resource you'll ever find on the subject of prostate health! Packed with dozens of natural treatments and remedies for conquering your prostate problems.

So you can tell your doctor to skip the PSA test. But make sure he knows about *this* brand new test that's 90 percent accurate for identifying prostate

cancer! Plus you'll...

### **Learn about the Asian dietary secret that just might mean never needing chemo, radiation and hormone therapy...**

It's true, prostate cancer is a slow moving disease. So, many doctors like to suggest something they call "watchful waiting." That is, let's do nothing and see what happens.

But why wait when this common vegetable can not only lower your PSA by up to 20%, but one study found that men with the highest intake saw a 42% lower chance of their cancer spreading!

Read all about it on page 151.

You'll also find out why...

### **Men in China and Japan almost never get prostate cancer! Now you can put their secrets to work for you!**

Plus you'll learn about the secret powers of:

- Vitamins A, D and E—in just the right amounts and from just the right foods, these common vitamins can be your prostate's best friend
- Simple everyday soy—why Asian men typically consume 10 times as much as American men
- And this easy-to-make tea using a small-flowered herb—people who've tried it have called it nothing less than miraculous!

It's all in there—filling every page of this outstanding 225-page reference. Everything you need to know about preventing, treating or overcoming your prostate problems is right at your finger tips.

### **100 percent of men tested saw significant drops in their PSA**

And of those men, up to 80 percent saw their PSAs drop to *undetectable levels!* On page 174, you'll learn exactly how they did it.

You'll also learn about a Canadian *tonic* that's helped hundreds of cancer patients since the early 1900s. It's finally available in the United States and you can order it online for less than 70 cents a day!

Plus, dozens of other simple, natural prostate health remedies line the pages of William L. Fisher's *How to Fight Prostate Cancer and Win*.

Best of all...
