

This breakthrough compound can have your joints going from "Oww" to "Aaaah" In as little as 7 days

Dear Friend,

Your wait is over-the most powerful, natural joint support just got better.

Instead of waiting weeks (even *months*) for your natural joint health solution to "kick in," research confirms that one organic mineral compound can have you saying, "aaaah" in as little as 7 days.

In a 2014 double-blind, placebo-controlled study, patients reported a nearly 20% improvement in just 7 days...almost 30% in 14 days...and it only gets better from there.

Starting in as little as 7 days you can...

- Get up in the morning and attack your day with ease, comfort and flexibility
- · Walk up or down the stairs without so much as a twinge
- · Write a letter, button your shirt, open your cabinet and reach the shelves without a grimace
- Stoop down to plant flowers, pull weeds, even pick up the morning paper without even thinking about your joints

The best part?

Unlike temporary mainstream solutions...this is a lasting improvement.

I'm talking about true comfort and flexibility you can feel mobility and independence you can count on.

And I'll tell you exactly what it is in just a moment. But first let me share a little about myself.

I'm the director of the Center for New Medicine in Orange County, California, one of largest integrated medical practices in the country.

Although my career began in a mainstream medical practice, over the years I got tired of watching patients follow "standard protocols" only to get sicker and sicker.

Time and again I saw mainstream medical approaches fail to deliver true healing.

That's why I've devoted the last two decades of my career to not only healing my patients—using only real, natural solutions that work—but to publicly exposing the flaws, half-truths and the outright lies that dominate the mainstream approach to health and wellness.

And that's why I can tell you with absolute certainty...

There's nothing normal about joint pain

How many times have you heard your doctor say it's "a normal part of aging" or that "nothing can really help?"

It's really just a polite way of admitting defeat.

In my 30 years as a practicing physician, I've never admitted defeat—especially when it comes to joint health. But in order to create a real solution, it's important to understand the true cause of the problem.

Over time, medications, weight gain, aging, and just general wear and tear can cause a build-up of harmful enzymes in your joints—breaking down the cushioning cartilage in between your joint bones.

Left unaddressed, your bones start to grind against one another, causing pain, stiffness, inflammation, and decreased mobility.

And boy does it hurt!

When your joints are on fire, I know your first move is dousing those flames so you can get back to enjoying an active lifestyle—road trips and vacations...gardening and housework...hitting the dance floor or even the tennis courts.

But those mainstream solutions are only temporary...and most of them do more harm than good

That's why, when I went to work creating the best

started with a powerful organic mineral compound called, FruiteX-B[®].

Clinically shown to help cool those flames and promote a healthy inflammatory response in as little as 7 days. But, when it comes to true lasting joint health, reducing discomfort is only the beginning.

I have never been able to hike and run this much without major knee pain... I am very grateful.

-David L., San Antonio, TX

So, as FruiteX-B[®] helps ensure comfort, relieving occasional stiffness—getting you back in the game. The rest of this powerful formula goes to work building healthy joints and repairing the underlying damage.

Starting with a Harvard researched compound that beats glucosamine and chondroitin by 230%

When it comes to strong, flexible joints you MUST put a stop to the enzyme imbalance that causes joint degeneration.

And finally there's a way to do that.

A completely safe, natural and effective compound called UC-II. It works fast to repair, rebuild and replenish the cartilage in your joints.

UC-II is backed by six successful, human clinical studies, including research at Harvard University Medical School.

It's protected by four U.S. patents with international patents pending.

But most importantly, IT WORKS quickly, safely and naturally...

- · Soothing and repairing tired, creaky joints
- · Restoring your body's natural cartilage repair process
- Promoting enhanced flexibility, mobility, and independence
- · Ensuring smooth, comfortable, lubricated joints

UC-II goes right to the root of the problem, working from day one, blocking the harmful enzymes that destroy your cartilage!

Helping you achieve long-term joint health, comfort and mobility for years to come

And once those destructive enzymes stop wreaking havoc on your joints, UC-II helps support your body's natural cartilage building processes.

Restoring and enhancing the natural cushioning between your joint bones—ensuring less discomfort and improved mobility.

This incredible substance is a highly bioactive compound called, undenatured collagen.

Make no mistake, this is *not* the stuff movie stars have injected into their lips.

This powerful, proprietary form of collagen has undergone a totally unique and patented low-heat, non-enzymatic manufacturing process.

It works with your body to halt those dangerous, joint-destroying enzymes while building healthy new cartilage—the key to a lifetime of comfort and independence.

But you don't have to take my word for it:

"After about 3 weeks...I began to feel an improvement in my knees. The improvement so far has been tremendous." -William L., Galt, IL

"My lack of mobility was affecting my knees, hips and spine. It was even painful to get out of bed. After starting Joint Renewal...my mobility has improved greatly...I no longer use a cane, I have almost no pain in my left knee. The swelling has subsided considerably. Now taking the stairs is a breeze!" -Elaine R., Toronto, ON

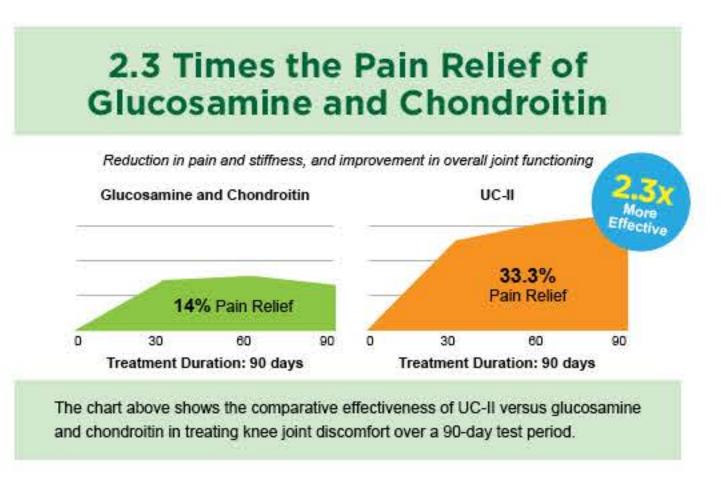

"The beneficial effects were noticeable within days, and, at 63, I am now able to play handball at a competitive level with greatly reduced after effects. I'm not getting any younger or any faster, but I'm grateful to you for helping me to prolong my athletic career." -Mark S., Belmar, NJ

"Within 2 days I could walk longer distances without the excruciating knee pain I had been experiencing. I was so impressed that I bought a bottle for my sister who suffers with back pain and she had the same results. Needless to say you have two very happy people. I am now a true believer." -Beverly A., Melville, NY

And in just a moment, I'll show you how you can put this amazing natural solution to work for yourself.

But first I want to tell you why...

UC-II is 230% more powerful and effective than glucosamine and chondroitin

Glucosamine and chondroitin are probably the most widely used natural remedies for joint concerns... and for a very small percentage of people, they provide a reasonable level of relief.

But glucosamine and chondroitin can take months to kick in...and for most patients, glucosamine and chondroitin fail to work at all.

That's because glucosamine and chondroitin can't stop joint destruction like UC-II can

And unless you address this underlying problem, you simply can't count on long-lasting relief from joint discomfort.

So it's no surprise that in clinical studies, subjects taking UC-II experienced 230% more comfort, flexibility and mobility when performing activities like walking on a flat surface, climbing up and down stairs, and doing heavy-duty household chores than those using glucosamine and chondroitin.

But my joint-healing breakthrough goes far beyond rebuilding cartilage and repairing joints.

As I mentioned, the inflammation process stands in the way of healthy cartilage growth.

That's why I've combined UC-II with...

Nature's most powerful inflammation-balancing solution

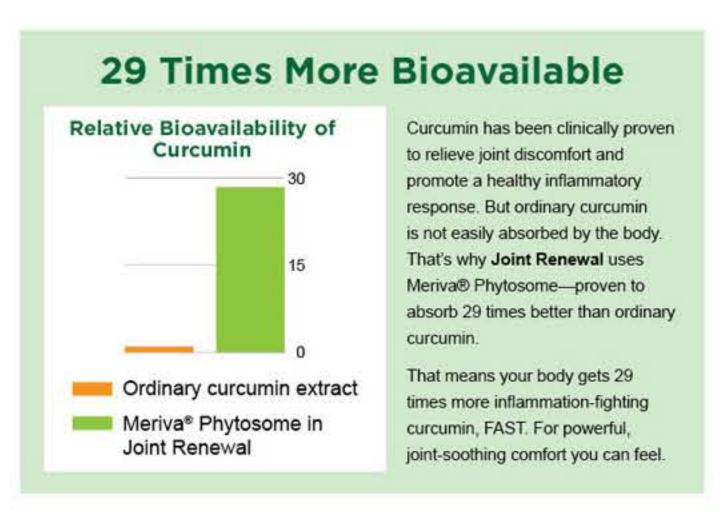

People in India have been singing its praises for more than 5,000 years. Even today, this powerful yellow spice, called turmeric, is a common ingredient in Indian cooking.

But this is no ordinary spice. It's a highly standardized, bioavailable form of curcumin—the most potent, joint-soothing, bioactive compound found in turmeric—called **Meriva® Phytosome**.

Meriva® Phytosome blows ordinary curcumin out of the water!

In fact, it's 29 times more bioavailable than ordinary curcumin. AND clinical trials show that it can:

- Decrease joint discomfort and stiffness...from the moment you hop out of bed, until you lay your head down at night
- Improve joint mobility and function...from the simplest tasks—like tying your shoes and buttoning your shirt—to the most active. Walking, biking, dancing and more with ease
- Deliver powerful joint protection...with antioxidants that protect your joints from free radical damage

And enhanced bioavailability means Meriva goes to work FAST delivering its active components right to your joints—beating inflammation, reducing discomfort and supporting healthy, flexible joints.

So you can get back to a pain-free, healthy, active, lifestyle— FAST!

I'm totally impressed by the joint healing power of these two super-nutrients—each backed by extensive scientific research as much as an impressive track record of success for my patients and readers alike.

In fact, I was so impressed with these two nutrients' ability to target each and every one of the root causes of joint problems—discomfort, inflammation and cartilage breakdown—that combining them with FruiteX-B[®] into one unique supplement was simply a no-brainer!

It's called Joint Renewal and you can only get it here

Joint Renewal is not available ANYWHERE else. No other doctor, website, or drug store has access to this powerful, natural solution. And, not only do I recommend it to my patients, I take it myself.

A perfect combination of Nature's most powerful joint-healing nutrients:

- FruiteX-B[®]...a powerful, organic mineral compound clinically shown to help promote a
 healthy inflammatory response and reduce discomfort by almost 20% in just 7 days.
- UC-II... an undenatured, proprietary, standardized collagen extract. The miracle nutrient shown in Harvard research to halt joint degeneration and spur your body's cartilage healing process into high gear.
- Meriva® Phytosome... a clinically proven dose of the healing spice, curcumin. Includes a full
 1,000 mg of the highly standardized bioavailable form, the same dose shown to balance your
 body's inflammatory response, in human clinical studies.

These three nutrients work together, restoring comfort and flexibility, breaking the cycle of cartilage destruction while putting out the fires of inflammation—the root of your joint problems.

The result is more joint comfort and flexibility—in as little as 7 days—so you can get back to enjoying life on your terms.

No other natural solution comes close!

Joint Renewal delivers clinically studied dosages of the three most advanced joint health supporting ingredients I've ever researched.

Just two small, easy-to-swallow capsules a day can help:

Joint Renewal provides the relief you've been searching for thanks to a potent combination of the two most advanced joint health supporting ingredients.

Ingredients that truly set a higher standard at dosage levels that are backed by human clinical trials.

Just two small and easy-to-swallow capsules a day of **Joint Renewal** (no more horse pills!) can help:

- Halt joint degeneration and create healthy new cartilage...for flexibility, mobility and comfort
 you can count on
- Alleviate everyday joint aches and discomfort...so you can get back in the game and enjoy your favorite activities without even thinking about your joints
- Promote a normal inflammatory response...for the cooling, soothing comfort your joints are craving

Life is too short to spend it on the sidelines and too long to spend it in agony!

Go ahead. You can still do it! Joint Renewal goes to work from day one...with a remarkable improvement in as little as 7 days.

PLUS **Joint Renewal** gets to the root of the problem so you can enjoy the real, lasting, mobility, flexibility and independence you thought were long gone!

But you don't have to take my word for it.

You're protected by my 6-month, unconditional, 100% money-back guarantee!

That's right! You can put **Joint Renewal** to the test for up to 6 months. And if you aren't blown away by its fast,

natural joint-soothing powers... just send it back.

I'll issue a prompt and courteous refund (less shipping).

It's that simple.

So why wait? Why spend another day...another hour...another minute dealing with joint pain. Get relief now.

Thrive in Health and Wellness,

Leigh Erin Connealy, M.D.

Leigh Erin Connealy, M.D.

P.S. Joint Renewal goes to work in as little as 7 days halting joint degeneration, building new cartilage—ensuring comfort, mobility, and independence for years to come!
