SAY GOODBYE TO ARTHRITIS PAIN IN TWO HOURS OR LESS!

A natural COX-2 solution that's gentle on your stomach and safe for your heart

Finally, a natural anti-inflammatory that provides fast, long-lasting joint relief with none of the dangerous side-effects of many of today's mainstream solutions.

In double-blind, placebo-controlled, human clinical trials, subjects reported significant relief and improved mobility in as little as two hours.

Perluxan is the result of more than 20 years of research. And each easy-to-digest softgel is packed with highly concentrated *alpha acids* — a powerful, natural anti-inflammatory extracted from U.S. grown hops that are USDA inspected and subjected to rigorous tests for purity and potency.

And because **Perluxan** is a liquid softgel, its alpha acids are absorbed quickly and go to work fast, helping to reduce the COX-2 enzyme – relieving inflammation and attacking joint pain and discomfort without digestive distress and without any heart health risks.

You can try this brand new, cutting-edge solution absolutely risk-free. Put **Perluxan** to the test today and if you're not amazed, simply send it back for a full refund.

DISCOVER THE SOUTH AMERICAN SECRET CLINICALLY PROVEN TO FIGHT CHOLESTEROL NATURALLY

Deep within the forests of South America grows a tree with bright pink flowers and vibrant red pods – used to flavor and color food for over 150 years. It wasn't until 1998 that renowned biochemist Dr. Barrie Tan would uncover their secret cholesterol-busting power.

The tree's red pods are filled with annatto beans – packed with the perfect weapons against cholesterol. Two powerful members of the vitamin E family called delta and gamma-tocotrienol.

Most vitamin E supplements contain common, inexpensive, sometime synthetic forms of tocopherol, which can be a potent source of antioxidants. But the annatto-sourced *tocotrienols* are the only form of vitamin E clinically proven to help prevent cholesterol production in the liver.

In fact, a Bristol-Myers Squibb study found that after just four weeks, cholesterol levels dropped by up to 22%.

No other natural source has proven more effective to:

- Promote healthy cholesterol levels
- Support healthy triglyceride levels
- Maintain proper blood vessel health
- Defeat harmful free-radicals
- With no harmful side-effects!

**REDUCE

STOP THE “SILENT KILLER” IN ITS TRACKS AND... NEVER WORRY ABOUT HIGH BLOOD PRESSURE AGAIN!

It's a leading cause of stroke and heart attack. But you can't see it or feel it.

In fact, most people don't know that they have high blood pressure until they visit the doctor. That's why high blood pressure is called **the silent killer**.

But starting today, you'll never have to worry about high blood pressure again.

Because we have developed **BP Control** – a high-potency, all-natural way to promote healthy blood pressure levels without an expensive prescription.

It starts with grape seed extract, clinically proven in a 2006 UC Davis School of Medicine study to drop systolic and diastolic blood-pressure levels by an average of 12 and 9 points respectively! Plus, you get:

- High-potency heart fuel, CoQ10 to further support healthy blood pressure
- The legendary power of red wine's heart-protecting resveratrol
- Age-defying antioxidant protection that also comes from grape seed extract

Each nutrient is a powerful heart protector on its own. But when combined, you get the targeted cardio support you need to promote healthy, well-balanced blood pressure levels.

Stop the “silent killer” in its tracks. Put **BP Control** to work for you today!

THE AGE-REVERSING MIRACLE FROM RED WINE

Harvard scientists believe it can dramatically slow down aging and promote robust health!

Resveratrol first grabbed worldwide headlines when **Harvard** researchers found it extended the lives of lab animals by an astounding 30%!

Since then, resveratrol – a compound found in red wine grapes – has been linked to a staggering list of health benefits, supporting the heart, bones, memory, energy and blood sugar levels. It even appears to help improve muscle tone and make it easier to lose weight!

At Bronson, we believe these benefits make resveratrol a must-have supplement. Just make sure you're getting enough.

Many supplements contain just 100 to 250 mgs of resveratrol. Our **Resveratrol 500** gives you a full 500 mgs – the same amount recommended by the Oprah Show's **Dr. Oz**.

At last, your dream of longevity may be one supplement away!

- Put the brakes on aging
- Remove brain plaque and clear away memory fog
- Help reduce blood clots and “bad” cholesterol
- Fight infection and boost well-being
- Proven effective at **Harvard, Cornell and Johns Hopkins**

GET A QUICK SHOT OF REAL, LASTING *NATURAL* ENERGY ANY TIME YOU NEED IT!

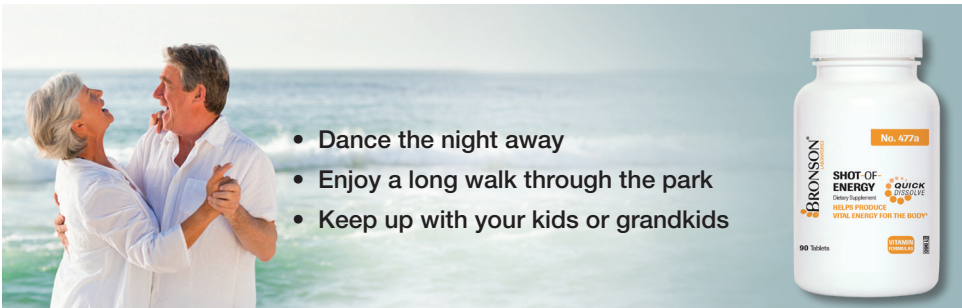

Few vitamins deliver more energy-boosting “bang for your buck” than vitamin B12.

But Bronson’s **Shot of Energy** is no ordinary “grocery store” B12. It’s a fast-absorbing, turbo boost of this energizing vitamin, right when you need it.

Simply drop a **Shot of Energy** tablet under your tongue and let it dissolve for a quick dose of real, lasting, natural, all-day energy – without jitters, spikes or crashes.

As we age, it becomes harder and harder to absorb enough vitamin B12 from our daily meals. Plus, because it’s a water-soluble vitamin, it’s easy to flush it out of your body.

But thanks to **Shot of Energy**’s sublingual delivery it is quickly and safely absorbed into your blood stream and delivered to every cell in your body for natural energy that lasts! So you can...

- Dance the night away
- Enjoy a long walk through the park
- Keep up with your kids or grandkids

And because you’re protected by our 100%, unconditional, satisfaction guarantee, if you’re not absolutely delighted, just send it back for a full refund. So why wait? Put **Shot of Energy** to work today!

SHED UP TO 17 POUNDS IN AS LITTLE AS 3 MONTHS!

Coffee's "little green secret" helps make weight loss a snap

Your morning cup of joe has a new secret...and it could help you shed up to 17 pounds in as little as 12 weeks, without counting calories, shunning carbs or pounding the treadmill.

Of course this is no ordinary coffee, this is **Green Coffee Extract**. What we call the coffee bean is actually the brown, roasted seed of the coffee berry.

The unroasted seed is green and rich in a nutrient so powerful, you'll be dropping a dress or pants size in no time.

Not just a weight loss wonder, a March 2012 study showed that the key nutrients in **Green Coffee Extract** can also help balance blood sugar and promote a healthy metabolism.

And its antioxidant powers put blueberries, raspberries and green tea to shame! Let **Green Coffee Extract** protect your body from age-accelerating free radicals — and help you look and feel years younger!

Unfortunately just drinking coffee won't get you these powerful benefits — the roasting process destroys them...but you can get them in this clinically-designed, standardized version of Bronson's **Green Coffee Extract**.

And there's a fraction of the caffeine you'd get in a cup of coffee, so there are no stimulant jitters and no crashes. Just an all-natural slimming, trimming, metabolism boosting wonder!

So don't delay, order your risk-free supply of **Green Coffee Extract** today!

PUT THE BRAKES ON AGE-RELATED MEMORY CONCERNS

Ingredients clinically proven to boost memory, focus, concentration and recall!

The species dates back some 270 million years – a powerful tree reaching up to 115 feet in the air with leaves used for centuries to boost memory and recall.

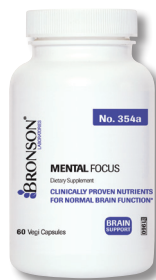

Today, the brain-boosting powers of the ginkgo biloba tree are backed by double-blind, placebo controlled studies *proving* what the Chinese have known for eons.

And it's the key ingredient in **Mental Focus** – an all-natural way to halt age-related memory concerns and enhance mental focus, concentration and razor-sharp recall.

You can say goodbye to tension and anxiety as well, thanks to a healthy serving of Chinese Skullcap. Plus in **Mental Focus** you'll find herbal support to ensure healthy blood supply to your brain and powerful antioxidants to protect against premature aging.

In short, **Mental Focus** will keep your brain in tip-top shape!

And because you're protected by Bronson's 100% customer satisfaction guarantee, you can order with confidence. If you aren't delighted for any reason, simply return it for a full refund. So order now!

“SENIOR MOMENTS,” “BRAIN FOG,” FORGETFULNESS...SOLVED!

**Stay sharp, keep your focus...
and your concentration finely tuned**

Brain fog does not have to come with age!

The powerful natural ingredients in **Cogni-PS Plus** help restore and maintain the naturally occurring brain chemicals most closely tied to memory, focus and concentration.

The key is the “memory chemical” in our brain called phosphatidylserine (PS). PS declines as we age and our mental clarity goes right along with it.

But the naturally-sourced PS in **Cogni-PS Plus** actually mimics the naturally occurring PS in your brain!

Names, phone numbers, grocery lists and more – no matter what your age, **Cogni-PS Plus** can help ensure that you never miss a beat.

Recalling birthdays is a snap...keep appointments without writing them down...

Put **Cogni-PS Plus** to work today...if your friends aren't impressed, if your family isn't amazed by your sharpness and wit, if you're not delighted for any reason, simply return it for a full refund, no questions asked. Order now!

Your Powerhouse Nutrient **COQ10**

CoQ10 is one of the most important energy-making ingredients in your body. Every cell uses it, but your heart needs it the most to beat non-stop and to send oxygen and nutrient-rich blood throughout your body without skipping a beat. Without CoQ10 your heart cannot perform its role effectively.

CoQ10 helps keep you healthy, protected, energized and nourished, especially as you age. Studies have shown cholesterol-lowering statin drugs may deplete the body's supply of CoQ10, making a daily supplement even more important.[†]
